GNYHA COVID-19 EMERGENCY RELIEF FUND

The rapidly growing number of coronavirus (COVID-19) patients has triggered major shortages of personnel and supplies throughout the New York City region. Greater New York Hospital Association (GNYHA) is working on numerous fronts to help our member hospitals and health systems secure these critical resources. However, many of our members serve large numbers of uninsured and under-insured patients, and because of the surge in demand for hospital care, they lack the financial resources to acquire these supplies and personnel. Accordingly, GNYHA has established the **GNYHA COVID-19 Emergency Relief Fund** specifically to accept donations that will be directed to financially challenged facilities for COVID-19-related purposes. This Fund is operated under the auspices of Greater New York Hospital Foundation, Inc. (GNYHF), GNYHA's not-for-profit 501(c)(3) organization. **Please note that 100% of all contributions will be dedicated to GNYHA's members and no monies will be retained by GNYHF.**
